

BIOACTIVE COMPOUND

Green Propolis Powder 30
(*Baccharis dracunculifolia*)

Bossa
CONSULTING

PURITY, SCIENCE AND BRAZILIAN BIODIVERSITY IN ONE INGREDIENT

Green propolis bioactive compound in soluble powder form, rich in flavonoids, phenolic compounds and Artepillin-C, obtained through an alcohol-free technological extraction and drying process, preserving the integrity of the bioactive compounds.

Botanical source: *Baccharis dracunculifolia* (Wild rosemary)

Origin: Minas Gerais – Brazil

SCIENTIFIC DIFFERENTIATION

Brazilian green propolis is globally recognized for its high concentration of phenolic compounds and the presence of Artepillin-C, its main biological marker. The natural combination of these compounds creates a powerful synergistic effect (entourage), delivering superior performance compared to isolated actives.

KEY FUNCTIONAL BENEFITS

- **Advanced Antioxidant Action** — Combats cellular aging.
- **Immune Support** — Strengthens natural defenses.
- **Systemic Anti-inflammatory Action** — Reduces inflammation throughout the body.
- **Cardiovascular Protection** — Cares heart and circulation.
- **Antimicrobial and Antiviral Activity** — Natural defense against pathogens.
- **Neuroprotection** — Protects brain and cognitive function.
- **Gastroprotection** — Supports digestive health.
- **Microbiota Modulation** — Gut Health

*Benefits based on scientific studies. This product is not intended to diagnose, treat, cure, or prevent any disease.

INDUSTRIAL APPLICATIONS

Dietary supplements, functional foods and beverages, pharmaceutical products, cosmetics and dermocosmetics.

SUSTAINABILITY & TRACEABILITY

Produced through sustainable beekeeping practices with low environmental impact, protection of bee populations, preservation of native vegetation, no deforestation and a responsible, traceable supply chain, valuing the biodiversity of the Brazilian Cerrado.

TECHNICAL DATA

ORGANOLEPTIC CHARACTERISTICS

Appearance: Homogeneous Powder

Color: Yellow

Odor: Characteristic

Flavor: Characteristic

BIOACTIVE COMPOUNDS

Flavonoids: Mín. 390 mg/100g

Phenolic Compounds: Mín. 1500 mg/100g

Artepelin-C: Min. 500 mg/100g

Packaging: 1 kg, 5 kg, 10 kg (Plastic bags - food grade)

Storage: Store in a cool, dry place, protected from light

VALUE PROPOSITION

High bioactive concentration + clean technology + Brazilian origin + real sustainability Ideal for brands seeking scientific credibility, natural positioning and environmental responsibility in high-value functional products.

TRANSFORM YOUR PRODUCT INTO A MARKET BENCHMARK

Green Propolis Bioactive Compound is not just an ingredient; it is the competitive edge your customers are looking for. Powered by Brazilian science and a commitment to sustainability, you offer much more than a product: you provide trust, quality, and responsibility.
